Dear Margarida,

Many thanks for your email.

We would be delighted to have the Corporate Europe Observatory at the event however, due to overwhelming interest, this event (like all EPC events) is closed to members only.

Thank you for your understanding.

Best regards,

Grace

Dear Grace,

I saw on the EPC website that you will be hosting a discussion on the Digital Markets Act on the 18th. I would like to join this session. Please let me know if you need any other information from me to register.

Best regards,

Margarida

Thank you, Nathalie. That is very helpful. And just a last question: what does this cooperation entail? Does it mean Google funded the event or did they have a say regarding speakers or the topic of the discussion?

Good afternoon,

Thank you for your email.

Indeed the event "digital Markets Act" taking place tomorrow at 10h is in cooperation with Google.

It is mention on the website, after the event description. We made this alternation as the event page on the website is not an invitation per se.

Kind regards

Nathalie Henry

Subject: Question regarding "Digital Markets Act: Addressing obstacles to growth & innovation for a strong EU recovery"

Dear Nathalie,

Hope you are well. I am researching influence strategies surrounding the DMA and have a question about the policy dialogue the EPC will host tomorrow. I have seen a previous version of the event invitation which stated it had been organised together with Google, but the event description online doesn't mention it.

Could you tell me:

- was the event organised with Google?
- if so, what type of cooperation was there with the company?
- why is there a mis-match between the two invites?

Thank you in advance for your answer. I have also registered for the event and look forward to it.

Best regards,

Margarida
