**Subject:** Meeting with BAT

Dear colleagues,

Here is draft report for this morning's meeting. Thanks for your comments/corrections by today cob.

[REDACTED]

COM ([REDACTED], and [REDACTED] of TRADE C1, [REDACTED] of TRADE F2, [REDACTED] of TRADE D3, [REDACTED] of AGRI B1) had a meeting this morning with BAT [REDACTED]).

The objective of this meeting was to follow up on their request regarding the discriminations they claim they are facing in [REDACTED] (see letter to KDG, our reply and their second reply all attached).

Discussions focused on the 3 types of [REDACTED] measures that are problematic:

**Next steps:**

BAT would like to have a follow up meeting by the end of June where they would present the additional info requested. They also offered to provide concrete evidence of the discrimination in [REDACTED] when the COM goes there in July. Clearly they now want to know whether it will be possible to raise their case in the negotiating context.
