

Dear Vicky,

Pro Bono means that I do not get any compensation for the board membership (0 euro). No benefits either.

Yours,

Carl

Dear Mr Haglund

Thank you for your reply which I have received. When you say that your work for the board is "pro bono", please could you clarify what this means? Does this mean that you will receive no payment and no other material benefit whatsoever from being a Milton board member?

Yours sincerely,

Vicky Cann

Re: Vb: Questions about your work at Milton

Dear Vicky,

Thank you for your email. You will find my answers bellow. It is good to note that the company that you associate with "lobbying" is called Milton Networks. This company has its own board. I am member of the Milton Group board. Milton Networks is around 15 % of the entire group that does everything from marketing to communication.

1. I understand that you are currently a Finnish MP, a recent defense minister, recent chairman of the Svenska folkpartiet, and that you have now joined the board of Milton. What will your precise role at Milton be: will you work on any specific topics or sectors?

I am a member of the board of Milton Group. I will not work with any specific topics nor sectors. The board focuses on general management of the group.

2. Which Milton clients will you work with?

None.

3. What involvement will you have with Miltton's Brussels office and its work?

As a member of the board I will of course follow from a distance also this part of the group.

4. Will you be conducting any lobbying towards the Finnish government, Finnish Parliament or any EU institution on behalf of Miltton or any of its clients?

No.

5. What remuneration or benefits will you receive for your work at Miltton?

My task a board member is pro bono.

6. What overlap do you see between this work and your current/ previous roles as:

- MP
- Party chairman
- Defense minister
- MEP?

None. If there would be a conflict of interest I would not had taken on this board membership.

7. Are there any specific areas that you have agreed with Miltton that you will not work on because of the risk of conflicts of interest with your current and/ or former roles?

No since I will not work with any sectors / clients etc.

Dear Mr Haglund,

I work for an NGO called Corporate Europe Observatory which is a research and campaign group concerned with the access and influence enjoyed by corporations and their lobby groups in EU policy-making: <http://corporateeurope.org/>

I would like to ask you some questions about your recent career moves, including since leaving the European Parliament. It would be very useful to understand more about this from your side before we consider publishing an article. I would appreciate receiving a response from you before 5pm

Wednesday 30 September.
