49	28.11.2018	Hyundai		Hyundai presence in the EU

This is a simplified version of the official list of stakeholder meetings as released by the European Commission to Corporate Europe Observatory via an [access to information request](#) on 21 December 2018. It excludes details about Commission officials and four meetings: two with the [Economic and Social Committee \(EESC\)](#) and two with the [Expert Group on EU Trade Arrangements](#), as both of which are official advisory bodies. Because of the large amount of corporate funding received by the German Marshall Fund of the US, the latter's meeting (no. 18) was moved to the corporate side of the meetings.
